

Project Design Phase-II Data Flow Diagram & User Stories

Date	31 January 2025
Team ID	
Project Name	
Maximum Marks	4 Marks

Data Flow Diagrams:

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Farmer	View Agricultural Overview	USN-1	As a farmer, I want to see an overview of total agricultural production, yield and top producing states so that I understand overall agricultural performance	I can view KPI cards for Total Production, Total Yield, No. of States and Year Range	High	Sprint-1
		USN-2	As a farmer, I want to filter data by year, state, crop and season so that I can focus on relevant information	I can apply filters for Year, State, Crop and Season and the dashboard updates accordingly	High	Sprint-1
	Analyze Crop Trends	USN-3	As a farmer, I want to analyze crop- wise production trends over the years so that I can identify best performing crops	I can view year- wise trend charts and compare crop production	Medium	Sprint-2
Policy Maker/ Government Official	State- wise Analysis	USN-4	As a policymaker, I want to compare agricultural production across states so that I can plan region- specific policies	I can view state - wise production comparison in charts and maps	High	Sprint-1
	Seasonal Analysis	USN-5	As a policymaker, I want to understand seasonal contribution to total production so that I can plan resource allocation.	I can view seasonal distribution (Kharif, Rabi, Zaid) in charts.	Medium	Sprint-2
Researcher/ Analyst	Data Exploration	USN-6	As a researcher, I want to explore detailed data and export it for further analysis	I can download data from dashboards and use it for research	Medium	Sprint-2
General User	Interactive Dashboards & Story	USN-7	As a general user, I want to view the complete agricultural story with visual insights so that I understand the key findings.	I can navigate through 6 story points and understand the insights clearly.	Low	Sprint-3
Admin	Manage Published Content	USN-8	As an admin, I want to publish and manage dashboards on Tableau Public so that users can access the latest insights	I can successfully publish dashboards and manage permissions.	High	Sprint-1
